MILITARY SPOUSE FINANCIAL COUNSELOR FELLOWSHIP

The Association of Financial Counseling and Planning Education - AFCPE - is working with the National Military Family Association and the FINRA Investor Education Foundation to provide up to 200 military spouses each year with funding to pay for the education they need to enter the financial counseling career field.

Their sponsored Military Spouse Financial Counseling Fellowships cover the cost of completing association's education program and the first two attempts at required examinations. The AFCPE's credential is awarded to all

spouses who successfully complete program requirements, including a practicum with an organization that needs well-trained financial counselors to serve its clientele.

As spouses move from duty station to duty station, many public and private organizations want to hire knowledgeable, caring, ethical financial counselors, including on and off-base credit unions, financial aid offices, community housing offices and health and human service organizations. Military spouses can help fill these needs and maintain a portable career in one of the fastest growing sectors in America - financial services. Making the pot doubly sweet, there are career ladders in this field making it possible for credentialed spouses to accept increasing levels of responsibility and higher salaries despite their mobile military lifestyle. Applications for Military Spouse Financial Counselor Fellowships are now being
