

## R12 MilPDS Upgrade

### Air Force Personnel System Shutdown

The migration will occur over a 23-day period in March 2013; during this time, we will NOT have "MilPDS" an operational personnel data system until after the migration is complete (GO-LIVE). This will affect personnel actions outlined in the following tables. Please see the myPers site for more details, search under "Upgrade to MilPDS (R12)". You can also access myPers from the AF Portal main page.

#### What does this mean for military members?
