Continuous School Improvement Tip of the Week

To assist you in helping your child with the Lajes E/HS goals, we will be sending out a weekly CSI (Continuous School Improvement) Tidbit. Please see below authentic strategies that you can work on with your child.

Goal 1: All students, by 2014, will increase their proficiency in critical reading through improvement in analyzing text in all content areas as measured by system-wide and school based assessments.

- Write a sentence or a paragraph but take out some words. Have your child guess the word or words that are missing.

Goal 2: All students, by 2014, will increase their proficiency in math through improvement in number relationships and application across the curriculum as measured by system-wide and school based assessments.

- Use a measuring cup for your drink! During dinner serve your child's drink in a measuring cup. Your child can measure the liquid he is drinking. Another idea is to have your child estimate how many cups of the liquid he/she is drinking by pouring liquid into a measuring cup.

In addition, you can help the school by sending a response email, telling us how you are working on the above strategies at home or photos to help us document evidence of your child working on the goals at home!
