Continuous School Improvement Tip of the Week

To assist you in helping your child with the Lajes E/HS goals, we will be sending out a weekly CSI (Continuous School Improvement) Tidbit. Please see below authentic strategies that you can work on with your child.

Scroll for more

Goal 1: All students, by 2014, will increase their proficiency in critical reading through improvement in analyzing text in all content areas as measured by system-wide and school based assessments.

- To help your child with comprehension, use sticky notes after your child reads each chapter and have them write the main idea of that chapter. If that is too difficult then use a sticky note for each page that is read. If that is difficult, then use one for each paragraph.

Goal 2: All students, by 2014, will increase their proficiency in math through improvement in number relationships and application across the curriculum as measured by system-wide and school based assessments.

- Help your child find fractions in the everyday world – in advertisements, on measuring tools, in recipes, and so on.

In addition, you can help the school by sending a response email, telling us how you are working on the above strategies at home or photos to help us document evidence of your child working on the goals at home!
