### Continuous School Improvement (CSI) Tidbits!

Goal 1: All students, by 2014, will increase their proficiency in critical reading through improvement in analyzing text in all content areas as measured by system-wide and school based assessments.

- Help your child build their reading skills by having your child listen to downloadable stories. Most importantly make sure he/she is following along word by word on the page.

Goal 2: All students, by 2014, will increase their proficiency in math through improvement in number relationships and application across the curriculum as measured by system-wide and school based assessments.

- Have your child use a protractor to draw a design using only acute angles. Then try using only obtuse angles or only right angles.

In addition, you can help the school by sending a response email, telling us how you are working on the above strategies at home or photos to help us document evidence of your child working on the goals at home!

Laurie Salafia, SLO, 535-5711.
