### CONTINUOUS SCHOOL IMPROVEMENT (CSI) TIDBITS

Goal 1: All students, by 2014, will increase their proficiency in critical reading through improvement in analyzing text in all content areas as measured by system-wide and school based assessments.

-Copy a page from a favorite story your child likes to read. Cut the story into strips and have your child put the story back in sequential order.

Goal 2: All students, by 2014, will increase their proficiency in math through improvement in number relationships and application across the curriculum as measured by system-wide and school based assessments.

- Make grocery shopping a learning experience! Have your child estimate the weight of the produce you are

buying. Then have him/her weigh each one on the scale and discuss how close the estimate was.

In addition, you can help the school by sending a response email, telling us how you are working on the above strategies at home or photos to help us document evidence of your child working on the goals at home!
