### **SCHOOL ADVISORY COUNCIL (SAC)**

The next SAC meeting will be held on April 24, at 2:45 p.m. in the school library. Parents are highly encouraged to attend.

### **CONTINUOUS SCHOOL IMPROVEMENT (CSI) TIDBITS**

Goal 1: All students, by 2014, will increase their proficiency in critical reading through improvement in analyzing text in all content areas as measured by system-wide and school based assessments.

- Create or learn songs to expand your child's vocabulary. Use songs to describe your daily routines, periodically adding new verses that include new vocabulary words.

Goal 2: All students, by 2014, will increase their proficiency in math through improvement in number relationships and application across the curriculum as measured by system-wide and school based assessments.

- This is a game called "If this is the answer, what is the question?" Say a number. Encourage them to find as many ways to make the number as possible with as many operations. So if you say 20, they could go for an easy 10+10 or a more difficult 100 divided by 5.

In addition, you can help the school by sending a response email, telling us how you are working on the above strategies at home or photos to help us document evidence of your child working on the goals at home!
