## CONTINUOUS SCHOOL IMPROVEMENT (CSI)

Goal 1: All students, by 2014, will increase their proficiency in critical reading through improvement in analyzing text in all content areas as measured by system-wide and school based assessments.

- Play CAUSAL ANALYSIS games--for each effect you produce--turning on the light--have your child state the cause--flipping the switch.

Goal 2: All students, by 2014, will increase their proficiency in math through improvement in number relationships and application across the curriculum as measured by system-wide and school based assessments.

- Use fractions in everyday life. While you're eating dinner or snacks create fractions with food such as pizza, oranges, popcorn, even pieces of chicken nuggets!

In addition, you can help the school by sending a response email, telling us how you are working on the above strategies at home or photos to help us document evidence of your child working on the goals at home!
