PAW PRINTS

TIPS FROM THE KENNEL

Our Santa Paws event was a huge success! Thank you to all who came....As the weather gets colder, we would like to remind everyone who owns pets to please keep up with their flea prevention and heartworm prevention. It only takes one female flea to hop a ride in on a pants leg, land on your cat, and lay a few eggs to start a full on flea infestation. Trust us when we say IT IS NOT TOO COLD FOR FLEAS. We have seen them frequently on our grooming clients. Mosquitos may not be buzzing around the island rampantly, however, again...it only takes ONE mosquito to land on your dog, and if that mosquito happens to be carrying heartworm larva in its saliva, well guess what? You now have a dog infested with heartworms, which is a serious, life-threatening disease. The

December 13, 2011

treatment is both expensive for you and painful for your dog. It's just not worth it. Paying for the prevention is much cheaper and EASIER than paying for the consequences. If you do not know how to apply the medication to your pet, please call the vet clinic or the kennel. We will all be happy to show you.
